Blackjack™ Cube™ Windows Embedded Standard 7® Recovery Instructions

If you encounter any issues and/or need help while attempting the recovery, please contact Digital Watchdog's Technical Support team at 1-866-446-3595 Option 4.

The following are step-by-step instructions on how to recover your Windows Embedded Standard 7® Blackjack Cube™ NVR:

1. Please commence by powering OFF your NVR.
2. Plug in the USB that was provided in your accessory box into a USB port.
3. Boot the NVR.
4. While the unit is booting, use the "delete" key on your keyboard to enter the BIOS menu.
5. Once you enter the BIOS menu, you will see the screen below;

6. Please enter your password, by default it should be "admin".
7. Once you have successfully entered your password please advance to the "Boot" tab;
